## 6"-12" TREMENDA CHEWY BULL

**Ingredients:** Beef esophagus, ground beef bone, beef pizzle, beef bladder.

**Description:** This is a beef esophagus (gullet) that has been stuffed with a mixture of ground beef bone, beef pizzle, with a stretched beef bladder wrapped around. It looks kind of like a bully stick but it's a much softer treat.

**Recommended for:** Small to medium dogs under 30 lbs.

**Chew Time:** This is a long lasting chew for small breeds, and a moderately lasting chew for medium dogs.

**Sales Tips:** Any treat made out of beef gullet or beef bladder tends to be extremely palatable for dogs, so it's a great recommendation for those picky dogs. While not as durable as some other chews, your dog is guaranteed to enjoy this treat. This chew has a much softer texture compared to a bully stick, so it's good for senior dogs or dogs who are missing a lot of teeth.

**Country of Origin:** Brazil

**Ways to Purchase:** Available in bulk, in a 4 pack bag for 6", and a 2 pack bag for 12".
