ALL NATURAL DOG TREATS COLO. USA

6" - 12" TRIPAS STICKS

Ingredients: 100% beef intestine.

Description: Made of sausage casing that got rejected for human consumption due to little spots of pigment (kind of like a freckle, but it doesn't look appealing when made into sausages for people, so we're making it into dog treats instead!) The very thin casing is wrapped back and forth 13 times to create one thicker stick and is baked at a low temperature for a number of hours.

Recommended for: Dogs of all life stages, under 30lbs for the 6" length and over 30 lbs for the 12" length.

Chew Time: A quick to moderate chew for the majority of dogs. This treat feels quite firm on the outside, but will start to break down quickly as the dog starts chewing on it.

Sales Tips: Beef intestine is low-fat, low-carb, high in protein. This chew is clean and non-greasy and will not leave a residue behind on the carpets or furniture.

Country of Origin: Brazil

Ways to Purchase: Available in bulk in a 25 pack, or in a resealable 6 oz bag, in a 6" and 12" length.
