ALL NATURAL DOG TREATS COLO. USA

9"-12" BEEF COMBO STRAP

Ingredients: Beef backstrap, beef esopagus (gullet).

Description: A long strip of beef backstrap muscle, with a length of beef gullet wrapped around. Each piece is individually shrinkwrapped.

Recommended for: Medium to large dogs over 30 lbs

Chew Time: This is a moderately lasting chew for medium to large dogs.

Sales Tips: Two treats in one! Great for customers with picky dogs - the beef gullet as well as backstrap are two components that even finicky eaters will enjoy. Some dogs will eat the gullet first, followed by the backstrap, while others will chew through the whole thing at once.

Country of Origin: Brazil
