Description: A soft and chewy bite-sized meaty treat, perfect for training - especially for more ambitious behaviors such as the perfect recall, sitting politely to greet guests at the door, or even training the perfect flyball box turn!

Recommended for: All life stages and sizes of dogs.

Chew Time: Very quick - use as a training treat and reward your dog for their good behavior!

Sales Tips: These treats have absolutely no fillers! Common fillers such as pea fiber or potato flour are used to provide bulk to the majority of training treats on the market. Such fillers are bland tasting, and many picky dogs may reject those types of treats all together. Our training bites are made of 95% meat, guaranteed to excite and motivate dogs with the most finicky palate. Due to its small shape, this treat is ideal for positive reinforcement training. With only 2 ingredients, this treat is suitable for most dogs with sensitive stomachs or allergies. Stuff these treats into a puzzle toy to challenge your dog and provide

Ways to Purchase: Sold in a 6 oz bag, six different flavors available.
