ALL NATURAL DOG TREATS COLO. USA

## COW EARS

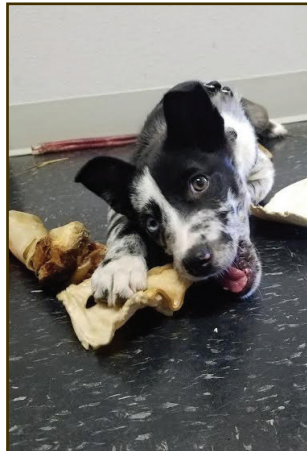

**Ingredients:** 100% cow ear.

**Description:** This cow ear measures about 5-6 inches long and is sourced from South American Brahman cattle.

**Recommended for:** Dogs of all life stages and sizes.

**Chew Time:** This is a moderately lasting chew for medium and large dogs, and a long lasting chew for small breeds.

**Pro Tips:** These large cow ears are baked to a soft, chewy texture. This chew isn't as hard as a bully stick, so it's a good recommendation for senior dogs or dogs with missing teeth. These ears have almost no odor and are a very clean, non-greasy chew, ideal for customers who are concerned with their dogs eating a messy treat on their carpet. Cow ears also make the perfect first chew for a new puppy since they're easily digestible.

**Country of Origin:** Colombia

**SKU:** VRCOWEARNAA

**Item UPC:** 851265004292

**Case Quantity:** 25 pieces per case.

**Cow Ear** 3.38 kcal/g, 91 kcal/ear
