ALL NATURAL DOG TREATS COLO. USA

LAMB EARS

Ingredients: 100% lamb ear.

Description: This lamb ear measures about 4-5 inches long.

Recommended for: Small to medium dogs (of all life stages) under 30 lbs.

Chew Time: This is a moderately lasting chew for medium dogs, and a long lasting chew for small breeds.

Pro Tips: Lamb ears are very similar to cow ears, but the smaller size makes them perfect for puppies, small breeds, and older dogs. Lamb ears are a great alternative for customers with dogs with known beef allergies. These ears have almost no odor and are a very clean chew, ideal for customers who are concerned with their dogs eating a messy treat on their carpet. Lamb ears also make the perfect first chew for a new puppy since they're easily digestible.
