ALL NATURAL DOG TREATS COLO. USA

VENISON JERKY

Ingredients: Venison, vegetable glycerin, sea salt, mixed tocopherols.

Description: Each strip is a uniform size (about 0.75" wide and 3" long) with a chewy texture, and can be broken into smaller pieces for treat training. On average, there are about 12 strips of venison jerky in a 4 oz bag.

Recommended for: Dogs of all life stages and sizes.

Chew Time: A quick treat for most dogs.

Sales Tips: This is a limited ingredient treat, so it's perfect for picky dogs or individuals with dietary sensitivities. Venison is also a "novel protein", so it's a great treat to recommend to those allergy dogs. You should also show your customer how to stuff these types of treats into a puzzle toy, it'll extend the enjoy of the treat and also provide mental stimulation and enrichment!
