BOWLS MODELS & BIAS TRAJECTORY

AeroBOWLS[®]
made by comfitpro

Defiance

The Defiance is a narrow bias bowl and has been designed for bowlers who want a tighter line but with a sufficient turn into the head. Its effective on faster indoor surfaces.

Profile

The Profile is suitable for use on all types of indoor greens. It is an ideal bowl for front end play on average paced surfaces but can be effectively used by all playing positions on faster surfaces. It is also designed to be slimmer in the hand.

Quantum

The Quantum sits in between the Profile and the Groove. It's an ideal mid-bias bowl which can be used for both indoor and outdoor play. An excellent choice for back end play indoors and front end play outdoors. Can be used effectively by all playing positions on average to slow paced indoor surfaces and quicker outdoor surfaces. This is an exciting addition to the selection of models made by Aero on their high-tech machines.

Groove

The Groove is specifically designed to cope with all UK outdoor greens including uneven, track surfaces. It is a mid bias, effective all round bowl. The Groove is used by Alex Marshall MBE and Billy Mellors and outdoors by Ellen Falkner, Sian Honnor, Marc Wyatt, Jon Tomlinson, Willie Wood MBE, Jamie Walker, Ronnie Duncan and Neil McKee to name but a few. It is also a ideal short mat bowl.

Sonic

The Aero Sonic has more bias than the Aero Groove. Designed by Alex Marshall MBE, the bowl is suitable for those who prefer a wider drawing bowl for outdoor play. Its particularly effective in early season and on difficult, heavy greens. It's the choice of Paul Foster MBE, Ellen Falkner, and Amy Gowshall for the outdoor season. Its also ideal for short mat bowls, with a consistent true arc trajectory into the head.

Maxim

The Maxim is designed for very slow or bumpy outdoor greens. It is a wide swinging bowl and is particularly effective on difficult, heavy greens. It suits bowlers who simply desire a wide turning bowl and is proving to be popular in short mat.

Henselite[®]
Choice of Champions

Tiger TX

The Tiger TX is now the narrowest drawing bowl in the Henselite UK range and could be described as holding a tight time line. a draw line just inside the Tiger II that offers a steady controlled finish. Most suited to fast surfaces (16+ second) and indoor bowling. The ergo fit profile along with the NEW MEGA grip, will maximise comfort and add precision to every delivery.

Tiger II

The Tiger II is the narrowest drawing bowl in the Henselite UK range. It has a draw line just inside the Classic II, making it most suited to fast paced indoor surfaces. The ergo fit profile and series C grip will maximise comfort and add precision to every delivery.

Tiger Pro

The Tiger Pro is a great all year round bowl as it acts on both fast and slow paced surfaces. With a line between the Tiger and the Tiger II, the Tiger Pro is at home on a variety of green speeds and surfaces, from medium to fast outdoor greens to all indoor surfaces. The ergo fit profile and series C grip will maximise comfort and add precision to every delivery.

Tiger Evo

Developed in partnership with World Champion bowlers, the TIGER EVO bias line is the mid-point between the popular Tiger and Tiger Pro models. Looking to find that perfect road to the jack it is ideal for a full range of shots. Suitable for all indoor and outdoor surfaces.

Tiger

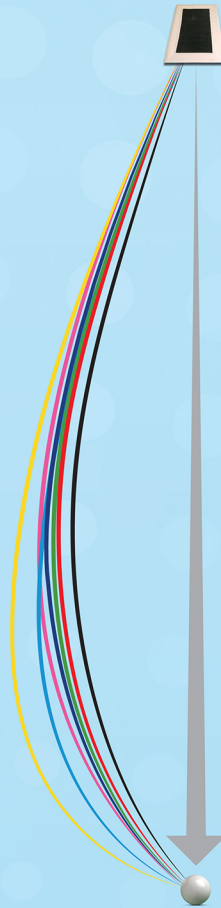

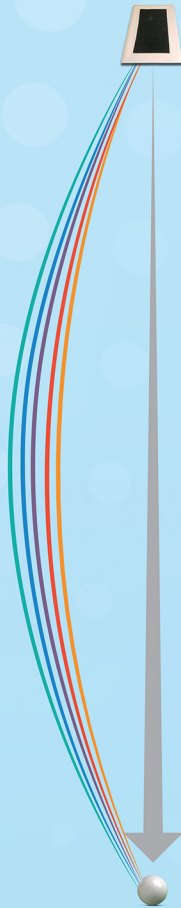

The Tiger is a full biased bowl making it ideal choice for both indoor and outdoor bowling. It is highly suited to seconds, thirds and skips as they require a bowl that has a relatively strong finish to draw round short bowls. The ergo fit profile and series C grip will maximise comfort and add precision to every delivery.

Classic II

The Classic II is manufactured to run straighter and finish with a less pronounced hook that its stable mate the Classic TRL. The model is ideal for attacking difficult heads and is recommended for all UK indoor surfaces as well as fast paced outdoor surfaces. The Classic II is a full fit profile bowl and the series C grip will maximise comfort and add precision to every delivery.

Classic TRL

The bowl with the famous 'hockey stick bias' is an excellent wide drawing bowl for all outdoor surfaces and slow paced artificial surfaces. The full fit profile of the bowl provides stability on windy days and it now boasts the popular series C grip which maximises comfort and add precision to every delivery.

Lazer

A slim profile bowl with a precision narrow bias. Designed for indoor and fast outdoor conditions, it features 'Progrigrip' as standard.

Vector VS

Attractive cosmetics give the bowl a fresh appeal. It remains perfect for fast surfaces and indoor greens, having a lenient, gentle draw to the jack with no hook at the end, making it ideal for front end bowlers.

Blaze

With input from our world champions Andy Thomson and David Gourlay and feedback from players at all levels of the sport, we have launched a new model called BLAZE. The bowl has been designed with a slender diameter for a more comfortable fit in your hand, enhanced with a deep dimple grip (Premier Grip) ensuring a confident grasp to give a consistent draw and defining accuracy with every shot. An all purpose bowl, the bias runs between a Vector VS and the Ace models and has a distinct sweep as the bowl finishes its course to its target. This model is enhanced with a modern cosmetic finish.

Ace

A slightly wider drawing arc than the Vector with no hook at the finish. The Ace is a dual purpose bowl, ideal for any rink position, indoors and out.

International

The International comes as standard with an attractive 'crescent grip' developed in close conjunction with Andy Thomson and David Gourlay. With a slightly bigger draw than the Ace, the International is ideal for outdoor greens and medium paced indoor surfaces, especially for back end players.

Legacy SL

'Slimline' - The ideal model for the slimmer hand. Medium bias with a controlled swing to the jack. 'Progrigrip' as standard.

Lignoid

Predominantly an outdoor bowl with a wide draw, recommended for outdoor grass surfaces and short mat play. Featuring Progrigrip as standard.

DRAKES PRIDE

d-tec

A bias strength on the inside of the Professional model with a smooth flat finish ideal indoor bowl. Sold in sets of four bowls all engraved with the 'World Bowls date stamp' to enable play in any tournament.

Professional

A phenomenally successful and popular model of bowl used by many top ranking players. The Professional is a mid bias bowl with a gradual and consistent finish offering a wide range of shot options, making it superb for both indoor and outdoor use. The video clip below compares the performance of this model to our Advantage, Fineline and Jazz models, which are ghosted on the video. Sold in sets of four bowls all engraved with the 'World Bowls date stamp' to enable play in any tournament.

Pro-50

The new PRO-50 is identical in profile and performance to the incredibly popular Professional model, the only difference is in the grip. Known as the 'Channel Grip' this grip is unlike any other currently offered. This grip quite literally creates two deep channels in the bowl which have been found to help many players improve control over their bowl during delivery and in many cases have even enabled players to comfortably deliver a larger size bowl than they usually could.

XP

Numerous top players have assisted and advised Drakes Pride on the ideal line they are looking for in an outdoor model, this has resulted in the 'XP'. Both the profile and line are crucial to success of a model and this has been achieved by maintaining the perfect balance of the Professional model whilst adding the touch more bias required for the outdoor game.
