

Whistleblower Policy

Reason For Policy

Minnesota Statutes §124E.03 Subd. 2(f) requires charter schools and charter school board of directors to comply with chapter 181 governing requirements for employment, including the employee whistleblower law.

Policy Statement

New City School seeks to assure staff that they will not discharge, discipline, threaten, otherwise discriminate against, or penalize an employee regarding the employee's compensation, terms, conditions, location, or privileges of employment for reporting unethical or fraudulent activity. New City School will comply with all federal and state law regarding the treatment of whistleblowers.

Adopted by the NCS Board of Directors, [June 2023]
