LV General Purpose Web Adhesive

Adhesives & Sealants

Features

- Wide Web Spray Pattern reduces soak-in and provides a strong bond
- Fast evaporating solvents provide Fast Tack
- Repositionable
- Temporary or Permanent Bonds
- Waterproof & non-Staining
- Non-chlorinated and No Ozone Depleters

Description

This wide web spray pattern aerosol adhesive is effective for both temporary and permanent bonding and is suitable for your toughest adhesive applications. This product is a transparent adhesive which provides a fast, high strength bond to porous surfaces such as paper, foam, wood, fabric, drywall and brick. Also bonds plastic, polyethylene and painted surfaces, and will not degrade polystyrene (over-application will pit smooth polystyrene). This high solids product is ideal for uneven or porous surfaces and is waterproof, flexible and transparent. As a “food packaging adhesive” this product meets the component requirements of 21CFR 175.105 and may be applied to articles intended for use in packaging, transporting or holding food. Does not contain chlorinated solvents or ozone depleters.

TECHNICAL INFO:		
Physical Properties	Appearance	Web Spray
	Color	Yellow - Amber
	Odor/Fragrance	Ketone
	pH	N/A
	Spray Pattern	Web
Environmental Profile	Glycol Ether Content	No
	Biodegradability	No
	Chlorinated Solvents	No
	Green Status	None
	Recyclable Packaging	Yes
Regulatory Compliance	% VOC By Weight	< 40.0%
	VOC Restricted Regions	None
	Food Processing Suitability	Packaging 21CFR 175.105
	EPA #	N/A
	Flammability per CPSC	Extremely Flammable
	NFPA Code 30B Storage Level	3
