

PRODUCT SPECIFICATION REPORT

A concentrated, water-based, short-term corrosion inhibitor. It is designed for use through the spray undercarriage wash in full-service and exterior-only car washes. It will remove dirt and winter salt deposits which can cause rusting of the undersides of cars and trucks.

UNDERBODY RUST INHIBITOR

PROD. #0810

Corrosion Inhibitor

FEATURES/BENEFITS:

Economical	Concentrated product with a dilution of 1-2 oz/gallon prevents rust
Easy to Use	Water-based formula makes this product easy to use.
Versatile	Product may be used all year round to prevent rust
