

# PRODUCT SPECIFICATION REPORT

Five Star is an industrial strength metal cleaner and polish which also protects surfaces from tarnish and corrosion.

## ZEP FIVE STAR Brass and Metal Polish

PROD. #1396

### FEATURES/BENEFITS:

Easy to use	Cleans and polishes virtually all metals including brass, chrome, stainless steel, copper, silver, gold, aluminum, magnesium, aluminum alloys, nickel, zinc, tin, bronze, and pewter in one easy step
Protects	Protects against rust, tarnish, water stains and saltwater corrosion so polished surfaces do not retarnish rapidly
Non-flammable	Formula presents no fire hazards, in use
Economical to use	Paste form eliminates waste through over-use or spills. A little goes a long way
