

PRODUCT SPECIFICATION REPORT

An economical solution to suppress airborne dust and contaminants

R-8376

Dust Control Agent

PROD. #5418

FEATURES/BENEFITS:

Economical	Mix 1 part R-8376 with between 250 to 1,000 parts water (0.125 to 0.5 oz. per gallon)
No Phosphates	Phosphates speed lake eutrophication processes and are difficult and expensive for sewage treatment facilities to remove from water
No APE (NPE)	Safer for aquatic life
No EDTA	EDTA is not biodegradable and accumulates in waste effluents.

APPLICATIONS:

Apply as a fine mist and barely moisten surfaces. Re-apply as often as necessary to control dust.

COMPANION HARDWARE:

F06901 – ZDS 1 Product Bulk Fill Dispenser

M76401 - Dosatron Liquid Dispenser

DC00124 - Dosatron Liquid Dispenser

SPECIFICATIONS:

Physical Form	Liquid
Color	blue
Odor	mild
pH	8-10.5
Flammability	Non-Flammable
D.O.T. Shipping Label	Not regulated

PACKAGING:

5 Gallon

55 Gallon

275 Gallon
