

PRODUCT SPECIFICATION REPORT

A moderate foaming, concentrated, high alkaline, non-caustic detergent for all types of vehicles.

HI PH 2601 VEHICLE WASH

Heavy-Duty No-Scrub Vehicle Wash Detergent

PROD. #J533

FEATURES/BENEFITS:

Concentrated	Highly dilutable cleaner for quick removal of road film from vehicles
Versatile Applications	Can be applied as a touch free wash or as part of a two part wash and as a wheel and tire cleaner
Moderate Foaming	Foam ensures full coverage for an effective clean and then rinses freely
High Solvency	Formulated with extra solvency for degreasing power

APPLICATIONS:

Use HI pH 2601 to clean at transportation maintenance facilities - may be used to wash cars, trucks, trains buses and construction equipment. May be used as a heavy detergent, the second part of an acid-alkaline two part cleaning process, a heavy duty wheel and tire wash or as an alkaline prep spray before washing.

Note: See label for special directions regarding polished aluminum, magnesium, and painted surfaces

COMPANION HARDWARE:

Apply using a low pressure sprayer or foamer.
