Powdered Power, Metal Safe

Recirculating Spray Wash Detergent

This high performance detergent is formulated for use in either hot vat or recirculating spray wash cabinets. Safe for all metals. Cleans away grease, grime and other industrial soils.

Benefits:

- Industrial-grade wash cabinet detergent
- Safe for all metals, including aluminum, zinc, and babbitt
- Effectively removes grease & grime
- De-foams at 140°F; no need for de-foaming additives

Applications:

- Automotive parts stores
- Automotive repair shops
- Building maintenance services
- Car & truck rental & leasing
- Industrial machinery manufactures
- Local transit authorities
- Motorcycle dealers
- New & used car dealers
- Service stations

Directions for Use:

For use in Hot Vats, Spray Cabinets (with rinse) and Power Spray Cabinets (without rinse). See product label for specific applications and usage directions.
