

PRODUCT SPECIFICATIONS REPORT

Zep White Lithium Grease is great for preventing rust and corrosion from occurring on your car. This non-staining lubricant provides superior friction reduction between similar or different materials. Packaged in a convenient, easy to use aerosol can, this lubricant is PTFE fortified without chlorinated solvents or ozone depleters.

WHITE LITHIUM GREASE

Vehicle Maintenance – Lubricant

PROD. #1047533

FEATURES BENEFITS

Prevents rust & corrosion
