

PRODUCT SPECIFICATIONS REPORT

Zep Chain Lube provides superior lubricity, protection, and longevity. Use this product on chains, cables, wire ropes, sprockets, drive chains, hoist chains, drag chains, and conveyor chains to prevent metal to metal contact and reduce friction, heat, stress, and wear during operation. It is very water and acid resistant. In addition, the special aerosol valving system allows for precise control of material delivery with minimal splashing and/or overspray. This unique product is formulated without chlorinated solvents or ozone depleters and is fortified with both molybdenum disulfide and PTFE.

CHAIN LUBRICANT

Vehicle Maintenance – Lubricant

PROD. #1048255

FEATURES BENEFITS

Full service, multiple applications
Lubricates, protects & reduces friction
Water and acid resistant
Non chlorinated, fortified with moly & PTFE
No CFC's - ozone friendly
