

PRODUCT SPECIFICATION REPORT

ALL AROUND™ Vinyl and Rubber Protectant

DESCRIPTION

An odorless product for protecting and beautifying a large variety of surfaces including vinyl, rubber, and acrylics. Composed of silicones, conditioners, and selected solvents.

FEATURES

- Beautifies
- Beneficial
- Clear formula
- Versatile
- Easy-to-use

BENEFITS

- Penetrates, protects, and beautifies, imparting a lustrous shine and renewing old or worn surfaces.
- Protects surfaces from the harmful effects of the elements that can crack, dry, fade or harden materials.
- No milky, cloudy appearance to haze and dull rubber or vinyl.
- Use on tires, dashboards, seats, trim, vinyl tops, luggage, sporting goods, boats, and acrylic objects.
- Simply spray evenly onto a cloth or sponge. Apply to surface and wipe to a deep, rich and lustrous shine.

NOTE: Avoid spilling Zep All Around on floors as it could make them slippery. Avoid contact with fabrics or glass to prevent staining or streaking. Do not use in paint (body) shops where presence of silicone may interfere with coatings.

APPLICATIONS

Use as a protectant and conditioner for vinyl, rubber and acrylics. Due to the various types of finishes on leather, carefully test product on a small, inconspicuous area before applying to entire surface.
