

PRODUCT SPECIFICATION REPORT

SPLIT VEHICLE WASH™

Oil Split, Liquid Truck and Trailer Wash

DESCRIPTION

A premium liquid truck and trailer wash formulated to remove exhaust deposits, road film and bug residues from painted vehicle surfaces in one application, then release oil and grease from discharge water.

FEATURES

- Easy-to-use
- Economical
- Versatile
- Free rinsing
- Environmentally desirable

BENEFITS

- Requires no chemical additives or pH adjustments to split oil out.
- Can be diluted with 25 parts water for heavy-duty cleaning and up to 100 parts water for light-duty cleaning.
- Can be applied with high or low pressure, in hot or cold water. For best results, apply with high pressure and hot water.
- Synthetic, biodegradable detergents rinse freely and completely to help eliminate streaking.
- Contains no phosphates, caustics, acids or solvents, and promotes easy separation of oil and grease from discharge water.

APPLICATIONS

An excellent, economical truck and trailer wash designed for pressure application without the need of brushes. Highly effective on road film. Use on delivery trucks, vans, tractors, and truck cabs. Especially applicable when customer has restriction on oil/grease discharge in waste-waters. Customer must have a collection vessel to hold discharge water and allow separation of oil and grease to occur. Also works effectively with most engineered oil/water separation systems. Use in:

Automotive Repair Shops
Car Washes
Common Carriers

Local Transportation Services
Motor Vehicle Body Manufacturers
Truck Rental & Leasing

Truck Washes
