

PRODUCT SPECIFICATION REPORT

ZEP CARPET ANTIFOAM™

Defoamer for Carpet Extraction Machines

DESCRIPTION

Zep Carpet Antifoam is a concentrated, liquid defoamer that contains a blend of silicone antifoam agents, corrosion inhibitors, nonionic emulsifiers and emulsion stabilizers dispersed in a water system.

FEATURES

- Contains non-foaming silicone
- Economical
- Non-flammable
- Odorless

BENEFITS

- Zep Carpet Antifoam eliminates the possibility of foam being drawn into the vacuum motor and causing clogging, corrosion or electrical shorts.
- Zep Carpet Antifoam only requires about 2 oz in the vacuum intake hose.
- Zep Carpet Antifoam helps to maintain safe working conditions.
- Zep Carpet Antifoam will not interfere with the fragrance of other cleaners.

APPLICATIONS

Zep Carpet Antifoam may be used with any type of hot water extraction carpet cleaning machine.
