

## PRODUCT SPECIFICATION REPORT

# ZEP VAT NEUTRALIZER™

## Concentrated Acid Vat Additive

### DESCRIPTION

An inorganic acid that lowers the pH of spent alkaline cleaning solutions or adjusts the pH of alkaline industrial waste water prior to disposal.

### FEATURES

- Concentrated strong acid
- Environmentally desirable
- Phosphate Free
- Completely soluble

### BENEFITS

- Quickly and efficiently neutralizes alkaline waste
- Does not affect biochemical oxygen demand (B.O.D.).
- Does not contribute to the overgrowth of algae and aquatic weeds.
- Will not separate when mixed with water for complete neutralization of alkaline waste

### APPLICATIONS

Ideally suited for metal fabricators, automotive, and diesel motor rebuilders, transmission rebuilders, radiator repair shops, and food processors.

### COMPANION PRODUCTS

Zep Round Robin, Zep Formula 15282, Zep Spray Cabinets and Hot Vats, Zep FS Foam Suppress, Zep Soy Response, Zep ID Flush

### SPECIFICATIONS

Physical Form . . . . .	liquid	Flash Point (TCC) .....	N/A
Odor . . . . .	odorless	pH .....	<1
Color . . . . .	colorless	Shelf Life .....	1 year minimum
Specific Gravity . . . . .	1.32	D.O.T. Shipping Label .....	Corrosive Liquid

### PACKAGING

5 gallon pails
