

## PRODUCT SPECIFICATION REPORT

# ZEP SEWER AID F.A.™

## Alkaline Drain Opener

### DESCRIPTION

A powerful, highly alkaline compound for sewer and waste disposal lines, drains, and grease traps. Contains a blend of caustic, alkaline builders, accelerators, surfactants, and aluminum catalyst.

### FEATURES

- Powerful
- Versatile
- Inhibited formulation
- Biodegradable

### BENEFITS

- Provides high temperatures and extended reaction times for controlled drain opening action in industrial and institutional facilities.
- This combination of ingredients rapidly attacks and dissolves most obstructions found in sewer lines.
- This product is formulated to prevent the build up of explosive gases in drains.
- All surfactants in Sewer Aid F.A. break down with no adverse effects to the environment.

### APPLICATIONS

Recommended for unclogging sewer lines and back up in schools, food processing plants, factories, restaurants and institutions.

### COMPANION PRODUCTS

Zep Odorless LBA, Zep-O-Zyme, Zep Safety Goggles, Zep Gloves

### SPECIFICATIONS

Physical Form .....Crystalline, granular solid  
 Odor .....odorless  
 Color .....light blue  
 Specific Gravity .....N/A

Flash Point (TCC) .....N/A  
 pH .....1% solution 12.5-13.0  
 Shelf Life .....1 year minimum  
 D.O.T. Shipping Label .....Corrosive solid

### PACKAGING

40 lb. container  
100 lb. container
