## ZEP Z GREEN™ Environmentally-sound all-purpose cleaner.

### DESCRIPTION

An all-purpose, non-butyl, non-phosphate, non-flammable, non-abrasive, water-based cleaner and degreaser containing emulsifiers, water softeners, water-soluble solvents, perfumes, dye and biodegradable synthetic detergents.

### FEATURES

- Non-toxic Formulation
- RCRA Non-hazardous
- Non-butyl
- Non-carcinogenic
- Concentrated
- Powerful cleaning & degreasing action
- Biodegradable
- USDA Applicable

### BENEFITS

- Conforms to the requirements of a non-toxic by ingestion compound according to 16 CFR 1550.3, providing a safer product for the user.
- Not considered hazardous under RCRA as defined in 40 CFR Part 216, allowing for less expensive disposal.
- Powerful cleaner and degreaser that is more environmentally desirable because it does not contain "butyl", an ingredient sometimes found to be undesirable.
- Contains no ingredients that are listed as carcinogens by IARC, NTP, and OSHA, allowing for less risk to the user.
- May be used at various dilutions depending on severity of soil, making it a more economical product.
- Rapidly removes dirt, grease and grime from a wide variety of surfaces.
- All detergents and wetting agents are biodegradable, making the product more ecologically desirable.
- Applicable as a cleaner for non-processing areas in federally-inspected meat and poultry areas.

### APPLICATIONS

Use as a general purpose cleaner, floor cleaner, wax and floor finish stripper, and engine degreaser. Use where environmental and/or safety concerns are of utmost importance. Particularly in:

Automotive Repair Shop  
 Department Stores  
 Nursing Homes & Hospitals  
 Sports & Recreational Clubs

Child Day Care Services
