

Muskoka Chair Product Catalogue

With three generations of Muskoka Chair Builders, the Muskoka Chair Company is your source for hand-crafted outdoor furniture.

Recycled Plastic Chairs

Our recycled plastic chairs offer the signature look of the classic Muskoka chair without the same maintenance requirements as wood to keep your chairs looking sharp.

While all recycled plastic reduces waste, not all recycled plastic is created equal. In fact, every time a product is recycled, it impacts the elasticity and texture of the plastic as well as its ability to hold pigment. At Muskoka Chair Company, our chairs are made from first-generation recycled

plastic, giving them superior structural integrity and endurance, long-term. The lumber in our chairs is made with the highest possible UV-inhibitor, meaning brightly coloured chairs will better maintain their vibrancy, so our customers can add to their outdoor suites over time.

No re-staining or painting. Just regular cleaning is required to keep these items looking new. With 16+ colours to choose from we are sure you will find one that suits. Shipped as an easy-to-assemble kit.

Premium Embossed

Part of our premium line, the embossed detail simulates the appearance of wood and provides texture, with further depth added by the addition of multi-tonal colour.

While all recycled plastic reduces waste, not all recycled plastic is created equal. In fact, every time a product is recycled, it impacts the elasticity and texture of the plastic as well as its ability to hold pigment. At Muskoka Chair Company, our chairs are made from first-generation recycled

plastic, giving them superior structural integrity and endurance, long-term. The lumber in our chairs is made with the highest possible UV-inhibitor, meaning brightly coloured chairs will better maintain their vibrancy, so our customers can add to their outdoor suites over time.

No re-staining or painting. Just regular cleaning is required to keep these items looking new. With 16+ colours to choose from we are sure you will find one that suits. Shipped as an easy-to-assemble kit.

Beautifully embossed wood is a feature of our Premium Embossed line.

The story of the Muskoka Chair Company really begins way back, even before our company founder and president, Michael Wroe, was old enough to hold a hammer.

We receive a lot of emails and calls asking if we deliver and/or ship our chairs.

The answer is YES!

If you are looking to ship internationally, please call or email us and we will be glad to provide you with a quote. Call: 1-705-706-3836 or Email: info@muskokachair.com

Delivery of assembled chairs

Chairs can be delivered fully assembled. Assembly is an additional \$40 per chair. Cost of delivery depends on location. Please call for a quote.

Shipping in Canada

If you purchase the kit form of our Muskoka Chair, you may opt to have it shipped to you. If you purchase 2 or more chairs in their kit form, shipping across Canada is FREE.

If you are only interested in purchasing one chair, a shipping charge will be applied.

Mike's grandfather sold his farm and moved just north of Bracebridge, where he designed a four-slat wooden chair that he hand-built and supplied locally to resorts and cottagers. As Mike grew up, he found he shared his grandfather's love of wood craftsmanship, and in 1995, he built his grandfather's legacy into a new business enterprise: Muskoka Chair Company. Now setting the gold standard in authentic, hand-crafted red cedar chairs worldwide, Muskoka Chair Company remains a small business driven by the passion to deliver a quality product and excellent service to each and every customer.

Now in its 26th year of operation, Muskoka Chair Company honours the past and moves with the times, adjusting our designs to meet fundamental ergonomic principles and expanding our product line to include the highest quality recycled-plastic Muskoka chairs as well as a wide variety of other outdoor furniture and accessories—without ever compromising on quality, endurance, or authenticity.

Quality, comfort, and style speak for themselves. Many of our clients seek us out because they've sat in a Muskoka Chair Company chair while visiting someone who owns on

We manufacture everything in our shops, which means we can fully customize each product to your particular requirements.

We manufacture everything in our shops, which means we can fully customize each product to your

particular requirements. Whether that means a custom colour, a higher seat, or a smaller footprint. Every chair we produce bears the mark of distinction, our signature pewter badge. It's our promise to you that you have invested in an iconic, timeless piece of Muskoka.

We're proud to say that our chairs grace the outdoor living spaces of clients as far away as Japan and New Zealand, but we also recognize that, while you can take the chair out of Muskoka, you can't take Muskoka out of the chair. Our non-local customers often buy our chairs because they want to take a renowned piece of Muskoka with them to remind them of their time in this exceptionally beautiful place. We are proud of our long standing history of making furniture for the Muskoka Lifestyle – wherever our customers take it.

Visit us online or in our primary showroom in Port Carling and our new Oakville showroom. We can't wait to show you around!
