AIRLESSCO™
MANUFACTURED BY GRACO®

Why choose an Airlessco sprayer?

UNMATCHED PERFORMANCE

For operational life and low-cost maintenance, Airlessco paint sprayers outshine most other sprayers. Our newest range pumps more liters of paint with first-rate results, reliably job after job.

UNRIVALED DURABILITY

DURABLE MOTOR: Each Airlessco MP/LP/SL/TS Sprayer is built with an ultra-durable DC motor. They turn slower, driving the pump with a solid gear system. The motors are larger with more torque, making them longer lasting and more reliable.

LONG LIFE PISTON: Airlessco pumps utilize hardened stainless steel and chrome to deliver the longest lasting pumps available.

ADJUSTABLE PACKINGS: Airlessco's exclusive Pro-Duty Pump design is the only one that lets you tighten upper and lower packing tension from outside the pump, extending the life of the packings.

SERVICE

Professionals who use paint sprayers daily need customer service and technical support that keeps the pace. Airlessco's full-service technical department is standing by to give you in-the-moment advice and help.

Maximize performance.
Minimize costs.

HVLP SERIES

HIGH VOLUME LOW PRESSURE PAINT SPRAYERS FOR RESIDENTIAL USE

With the HVLP-series, the Airlessco offer gets completed with a set of HVLP sprayers, covering all fine finish jobs with optimal finish quality and minimal overspray. Both turbines get shipped with top of the line spray guns, 1 liter cup, a flexible air hose and motor speed regulation at the unit.
The HV4000Luxe is powered by a 4 stage turbine and loaded with latest technological features, like the turbine that shuts off automatically if no air is needed at the gun.

HV3000 Comfort

APPLICATIONS: Small fine finish jobs on wood and metal
SPRAY: Water and solvent-based fine finish materials (enamels, lacquers,...)
USAGE: Up to 20 m² per day
FEATURES:
- Convenient, light and transportable 3-stage turbine
- Turbine speed control at the unit
- Lightweight gun, convertible from suction to gravity style
- Self adjusting air/fluid ratio at trigger of the gun
- Fan direction and pattern control at the nozzle
- Easy needle exchange
- Air filtration

INCLUDES: 6 m hose, gun with 1 liter cup and #3 needle

HV4000 Luxe

APPLICATIONS: Small and big fine finish jobs on wood and metal

SPRAY: Water and solvent-based fine finish materials (enamels, lacquers,...)

USAGE: Up to 50 m² per day

FEATURES:

- Convenient, light and transportable 4-stage turbine
- Turbine speed control at the unit with LED indication
- **Turbine stops automatic if no air needed** at the gun
- Lightweight gun delivered with 1 liter suction cup and gravity cup
- Manual regulation of air and fluid ratio, to your own preference
- Fan direction and pattern control at the nozzle
- Easy needle exchange
- Gun and needle storage at the turbine
- Air filtration with automotive high density filter

INCLUDES: 9 m hose, 1.2 m whip hose, gun, 1 liter suction, gravity cup and #3, #4 needles

SP380

ELECTRIC AIRLESS PAINT SPRAYERS FOR RESIDENTIAL USE

These entry-level sprayers spray a variety of interior water and solvent-based coatings. They're ideal for the contractor who sprays occasionally or has one big job, or for a homeowner painting the whole house. Compact, lightweight piston pumps make these sprayers easy to move around the job site, and the Quick Repair Pump system lets you repair the pump on the spot and keep moving.

SP380

APPLICATIONS: Small to medium residential projects

SPRAY: Water and solvent-based coatings, 100% acrylics, stains and varnishes

USAGE: Up to 1,900 litre per year

FEATURES:

- Pump directly from your paint container
- Power-piston pump with QRP and long life
- InstaClean™ pump filter helps remove debris, reducing tip plugs and providing a better finish
- Lightweight stand is easy to carry to any job site
- Pressure control with user-friendly symbols for simple selection of operating modes

INCLUDES: 1/4" x 15 m hose, 4-finger trigger ProLight 500 gun and 515 Rev-Tip

SPECIFICATIONS	SP380
Model Type	Stand
Part Number 230 V	17G185
Max Tip Size	0.019"
Max Output lpm / gpm	1.4 / 0.38
Max Working Pressure bar / psi	207 / 3,000
Max Hose Length m / ft	15 / 45
Unit Weight kg / lbs	13 / 28
Motor	7/8 HP DC

MP455

ELECTRIC AIRLESS PAINT SPRAYERS FOR RESIDENTIAL/LIGHT COMMERCIAL USE

MP and LP Series sprayers features tough, compact, well-balanced frames, protecting the pump and making it easy to carry. The pump is the core of any airless sprayer, and these are built with Airlessco's new Pro-Duty Quick Repair pump with externally adjustable packing that keeps you spraying. With it's fan-cooled DC motor, you get reliable performance every day.

MP455

APPLICATIONS: Medium to large residential projects

SPRAY: Water and solvent-based coatings, most interior decorative paints, stains, varnishes and lacquers

USAGE: Up to 5,700 litre per year

FEATURES:
- Industrial quality high torque DC motor
- Pro-Duty pump with chrome piston rod and lifetime pump cylinder
- Exclusive externally adjustable packings
- Reliable pressure control for smooth spraying

INCLUDES: 1/4" x 15 m hose, 4-finger trigger ProLight 500 gun, conversion kit to 2-finger trigger and 517 Rev-Tip

SL & TS SERIES

ELECTRIC AIRLESS PAINT SPRAYERS FOR RESIDENTIAL/MEDIUM COMMERCIAL & LIGHT INDUSTRIAL USE

Ultra-durable, this electric sprayer is designed for contractors who handle a high volume of work and want a machine with the power to support multiple guns or pump the heaviest coatings, like epoxies and elastomerics. The Slow Stroker pump is built for the long haul, with strengthened capacity. Features that add longevity include the heavy-duty gear box with hardened steel gears, a no-maintenance drive, and a smooth-rolling, chrome-plated, steel tube cart design with pneumatic wheels.

SL1250

APPLICATIONS: Large residential projects and commercial and industrial use
Ideal for 2-gun applications

SPRAY: Water and solvent-based coatings, interior and exterior wall paints, block fillers, roof coatings, stains, sealers, varnishes and lacquers

USAGE: Up to 28,000 litre per year

FEATURES:
- Precision spray control system provides smooth spraying across a wide range of pressures
- LED digital display
- Industrial quality, high torque brushless DC motor
- Chrome piston rod and cylinder for long life and V Max long lasting packings
- Large high pressure filter
- Ability to spray with 2-guns

INCLUDES: 1/4" x 15 m hose, 4-finger trigger ProLight 500 gun, conversion kit to 2-finger trigger and 517 Rev-Tip

AIRLESS/TEXTURE SPRAYERS FOR INDUSTRIAL USE

Choose this airless/texture sprayer for handling a high volume of contract work, pumping extremely heavy materials. The pump is ideal for spraying a skim coat layer of drywall mud for a Level 5 finish. Equipped with an extra-long piston, with foot valve located at the bottom of the pump, the TS1750 gives you the necessary suction for heavy coatings. Features that add to its long life include the heavy-duty gear box with hardened steel gears, and a smooth-rolling, chrome-plated, steel tube cart with pneumatic wheels. The hose reel model also includes the LED digital display providing a precise readout of output pressure from 20 to 227 bar. These high performance units are powered by a totally enclosed, fan-cooled, industrial-quality brushless DC motor.

TS1750

APPLICATIONS: Large residential commercial projects and industrial use

SPRAY: Water and solvent-based coatings, 100% acrylics, all interior and exterior wall paints, dry fall, mastics, epoxy, intumescent coatings, waterproofing coatings and drywall mud

USAGE: Up to 28,000 litre per year

FEATURES:

- Precision spray control system provides smooth spraying across a wide range of pressures
- LED digital display
- Industrial quality high torque 2.8 HP DC motor
- Chrome piston rod and cylinder for long life and V Max long lasting packings
- Long pump submerged in material allowing heavy materials to be sprayed
- Heavy-duty gear box with hardened steel gears
- Large inlet seat for higher flow
- Ability to spray with 2-guns

INCLUDES: 3/8" x 15 m hose, Mastic gun, and 631 Rev-Tip

GS & HSS SERIES

GAS AIRLESS PAINT SPRAYERS FOR RESIDENTIAL/MEDIUM COMMERCIAL & LIGHT INDUSTRIAL USE

GS Series gas airless paint sprayers deliver versatility when it's a hassle to access electrical power, often the case with new construction or big jobs where you're moving around. They combine the Pro-Duty pump with a dependable Vanguard® gas engine that's CARB/EPA certified and includes oil alert engine protection if the oil gets low.

GS950

APPLICATIONS: Large residential/commercial projects, and industrial use

SPRAY: Water and solvent-based coatings, interior and exterior wall paints, block fillers, roof coatings, stains, sealers, varnishes and lacquers

USAGE: Up to 38,000 litre per year

FEATURES:

- Precision spray control system provides smooth spraying across a wide range of pressures
- Vanguard 5.5 HP engine with a 3-year warranty and oil alert engine protection
- Pro-Duty pump with chrome piston and lifetime pump cylinder
- Exclusive externally adjustable packings
- Oversized high-pressure filter

INCLUDES: 1/4" x 15 m hose, 4-finger trigger ProLight 500 gun, conversion kit to 2-finger trigger and 517 Rev-Tip

SPECIFICATIONS	GS950
Model Type	Hiboy

ELECTRIC AND GAS HYDRAULIC PAINT SPRAYERS FOR INDUSTRIAL USE

The feature-loaded HSS series raises the bar for hydraulic and paint pump performance. Airlessco has substantially enhanced the durability of these versatile sprayers to optimize your output and cost efficiency.

HSS9950

APPLICATIONS: Large residential projects, commercial, and industrial use

SPRAY: Water and solvent-based coatings, 100% acrylics, all interior and exterior wall paints, dry fall, mastics, epoxy, intumescent coatings, waterproofing coatings, drywall mud, bitumes, and high viscosity materials

USAGE: Up to 110,000 litre per year

FEATURES:

- Easily pumps heavy bodied coatings
- Slow stroking design for long life
- Less frequent maintenance for reduced operating costs and down time
- Larger inlet seat for higher flow
- Long pump is submerged in material – allowing heavy materials to be sprayed
- Oversized hydraulic pump for long life
- Large capacity reservoir keeps the system cool
- Lower operating temps for reduced friction and wear
- Belt guard pivots open for easy removal of engine

INCLUDES: 1/2" x 15 m + 3/8" x 1.2 m whip hose, mastic gun, and 631 Rev-Tip

SLOW STROKE: LESS WEAR, IMPROVED PUMP EFFICIENCY

SURE STRIPE™

GAS AIRLESS STRIPERS FOR PROFESSIONAL CONTRACT STRIPING

The Sure Stripe 3350 is the perfect striper for professional restripe jobs, small parking lots, schools, and sports fields. With it's proven components, the Sure Stripe 3350 delivers high quality lines and unmatched performance. The Sure Stripe 3350 SP is a Self Propelled striper with an on-board electric motor that propels the striper for you. Control the speed manually or set a fixed speed to obtain a constant line thickness.

SELF PROPELLED

Sure Stripe 3350 SP

EXTRA FEATURES:

- Independant Self Propel system
- On-board 12V battery, recharging via Vanguard engine
- Adjustable speed forward driving, single button activation
- "Cruise-control" allows you to set a fixed speed while spraying

Sure Stripe 3350

APPLICATIONS: Small to medium size striping jobs

FEATURES:

- Front swivel wheel for maximum maneuverability
- Move spray gun assembly in seconds; left/right, front/back — no tools needed!
- Vanguard engine provides unmatched power
- Electronic pressure control provides excellent line quality
- Extra large manifold filter prevents clogging
- Large bucket holder has room for oversized 55 litre paint hopper
- Pro-Duty pump with chrome piston rod and hardened cylinder
- Exclusive externally adjustable packings

FLUIDS & FILTERS

Airlessco fluids and filters protect your equipment and keep them operating at peak performance. Airlessco fluids are approved for all airless spray pumps. MagiCLEAN™ safely removes paint from sprayers, hose, tips and guns. Pump Conditionner protects pumps from corrosion and rust during short and long term storage. Stay Clean™ spray protectant prevents paint from sticking to equipment.

PRODUCT	PART NUMBER	SIZE/QTY.	DESCRIPTION
MagiCLEAN Starter Kit	865657	11.3 l (3 gal) MagiCLEAN, Strainer Basket, Residue Tray	Safely removes paint from sprayers, hose, tips and guns
MagiCLEAN Refill	865656	3.8 l (1 gal)	Refill bottle for MagiCLEAN Starter Kit
Pump Life Conditioner	865713 865714 865715	25 ml 1 l (1 qt) 3.8 l (1 gal)	Prevent internal corrosion; lubricates check balls to prevent sticking
Throat Seal Oil	867670 188392	0.20 l (6 oz) 1 l (1 qt)	Prevents paint from drying on the piston and causing damage to upper packing
Hydraulic Fluid	865657	11.3 l (3 gal)	Fluid in which power is transferred in hydraulic machinery
Stay Clean	865705	.4 l (14 oz)	Prevent paint from sticking to sprayer
