- Hassle-free automatic Cappuccino preparation
- Adjust your Espresso to fit your taste
- Efficient cup warmer for a hot Espresso
- One touch operation
- Program the buttons with your favourite coffee drinks

GAGGIA
MILANO

HIGHLIGHTS

Adjustable dispensing head

The dispensing head on your Gaggia machine is adjustable in height to accommodate different cup sizes.

Auto Cappuccino preparation

On the touch of a button your Gaggia Espresso machine will prepare a hot, tasty Cappuccino for you in just a few seconds.

Durable ceramic grinder

Because a metal grinder might burn the coffee beans while grinding, all Gaggia's Espresso machines are equipped with an extremely durable ceramic grinder. A ceramic grinder will retain the purity of the coffee aroma while being equally durable to a metal

grinder. Additionally the coffee grind can be adjusted from coarse to fine, just as you prefer.

Adjust your Espresso

The settings in this Gaggia Espresso machine allow you to adjust the body and aroma of your coffee to suit your taste, while maintaining a perfect crema.

Ground coffee compartment

The ground coffee compartment allows you to brew a different blend of coffee without changing the beans. Simply switch your Espresso machine to ground coffee and fill the amount for one Espresso into the compartment.

Cup warmer

Your Gaggia Espresso machine has an energy-efficient integrated heating element to provide pre-warmed coffee cups. Pre-warming a cup will ensure your Espresso stays hot for longer.

Personalize machine buttons

Programme the dispensing buttons on your electronic control panel to suit your own personal coffee taste.

Pre-brewing

Pre-brewing ensures that the ground coffee is evenly moistened before the actual brewing process. Only then the water flows through all of the ground coffee and your Gaggia Espresso machine can extract the full aroma for a balanced and tasty Espresso.

SPECIFICATIONS

Weight and dimensions

- Product dimensions: 38.5 x 28.2 x 42.8 cm
- Coffee bean capacity: 350 gr
- Waste container capacity: 16 servings
- Milk carafe capacity: 0,6 l
