Trial Results by Location

At Locus AG, it's not what we say. It's what the data proves. That's why we partner with contract research organizations (CROs) across the country to run third-party, randomized and replicated trials on a variety of crops to prove the yield-boosting power of our biologicals. **The below results are reported at a 95% confidence level.**

CRO	State	City	Year	Product	Untreated BU/ACRE	Treated BU/ACRE	Difference BU/ACRE
Harvest Max	Illinois	Stronghurst	2022	Box Applied	246.5	267.4	20.9
