

MORPHEUS8

INMODE

What is Morpheus8?

Morpheus8 is a fractional rejuvenation treatment that reduces wrinkles to slow the effects of aging and restore skin to its youthful appearance.

What areas can be treated?

Any areas that can benefit from skin renewal. Lower and upper eyelid, smile lines, forehead, cheeks. Virtually any areas that exhibit wrinkles, discoloration or acne scars.

How many treatment sessions?

This depends on the type of treatment you have done, but roughly 1-6 sessions.

Additional Benefits:

- Immediate results in most cases
- Can be used on all skin types
- Very minimal downtime
