

Gabriela's
eyeball
applique pattern

first outer
circle

For the Strap:

1. Cut a few 2" strips from your vinyl precut. (I used 2 strips for the length of my strap)
2. Sew the strips together at one end, and fold into thirds to stitch on both sides 1/8" (see video)
3. Make sure you make a strip the same way to attach your D rings to the outer portion of your bag as well. (see video)
4. Put your hardware on your strap! (see video)
