Construction of Courthouse Steps Log Cabin
Although the number of strips and strip width may vary, all the blocks are constructed in the same manner.
1. Starting at the center, the same color will be sewn to each side, and then to top & bottom of the center square.
2. Using a different color for each round, construct the block as illustrated.

3. There are 3 variations of the block. Sew eack block as illustrated. Measurements shown are cut measurements; actual sewn segments will finish 1/2" smaller. Use color photo for color and strip placement.

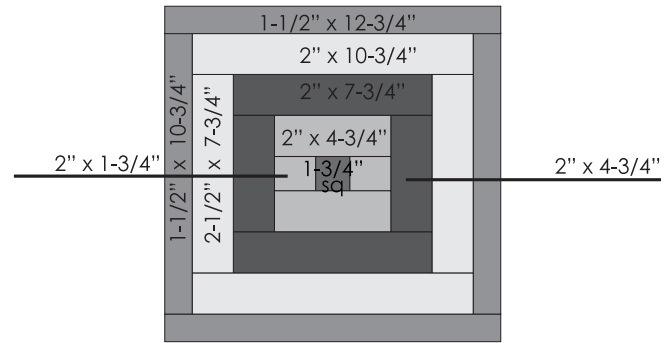

Block A
(center + 3 rounds)
Make 1 with these measurements, use photo for color placement.

Block B
(center + 5 rounds)
Make 4 with these measurements, use photo for color placement.

Block C
(center + 4 rounds)
Make 7 with these measurements, use photo for color placement.

Quilt Assembly
Using the color photo, layout the blocks to construct the quilt top. There will be 4 rows of 3 blocks each.

Border
(measure the quilt body, if measurements are different, cut to your measurements)
1. Cut (2) of the 3-1/2" x WOF black strips down to measure 3-1/2" x 37-1/4". Sew to the top & bottom of the quilt.
2. Cut (1) of the 3-1/2" x WOF black strips in half vertically to make (2) strips 3-1/2" x 21".
3. Sew a 3-1/2" x 21" strip to one end of each of the 2 remaining 3-1/2" x WOF black strips.
4. Cut the (2) strips down to measure 3-1/2" x 49-1/2", and sew to the side of the quilt.
5. Layer, quilt, & bind.
