Instructor: Raquel Ortega

Contact Info: sewmachines@sewing.net

Description: Bring your Luminaire or Solaris machine and your creativity to this fun and educational class! This project has several techniques where you will learn how to piece a simple tablerunner, then quilt it in the hoop with my design center or IQ designer, using the fills from the machine or new baby lock fills (optional). Then you will finish the table runner by choosing decorative sewing stitches. Raquel will show how you can achieve precision stitching using the end point stitcker.
