“PEM Aquatic Matting has been the perfect slip-resistant solution for USA Swimming events. The matting has furthered our brand image and increased on-air visual appeal, all while protecting our world-class athletes. No other surface cover could match PEM’s combination of design features, safety benefits and durability.”

Dean Ekeren
National Events & Marketing Director

“PEM surfaces are the only product I have considered in hosting world-class swimming competitions. The product looks super on TV, and is very manageable to install. Never have had an issue on quality, or product delivery, as this company fully understands the needs of the event.”

Harold Cliff
COO
2016 Olympic Swim Trials
