- 15 Main board
- 16 Infrared induction

## WARNING AND NOTICE

**FOR THE PROPER OPERATION, PLEASE READ BELOW CAREFULLY BEFORE USING THE APPLIANCE. MISUSE OF THE APPLIANCE MAY CAUSE THE ITEM TO MALFUNCTION, DEATH, OR INJURY.**

- In order to prevent misuse, please allow atleast 10 in. of distance under the dispenser.
- Do not place in high temperature areas.
- Do not block the liquid outlet.
- Make sure liquid is clean and free of other impurities.
- Avoid direct water to the dispenser.
- If there is any liquid in the container during disassembly, please pour out the liquid and lay the product horizontally. This will prevent the liquid from flowing out of the damp motor and circuit board to avoid damage.
- If the hand sanitizer liquid is too thick, please dilute with water to avoid blocking the pipe.
- Please store away if unused after some time and wash with clean water before reuse.
- Keep away from high and low temperatures as well as open flames.
- Do not disassemble the product by yourself.
