WE MAKE CONCRETE LOOK GOOD

I would like to say “thank you” to all of our customers, contractors, designers. As well as, to anyone who is discovering our products for the first time. We are blessed to deliver hand-crafted artisan products that are as eye-catching as they are durable. Since launching in 2019, we have grown exponentially from on-site molding, to a small shop, to our new 10,000+ square foot multi acre facility. We are ready to pour more! With lightweight and strong GFRC, the possibilities and applications are endless. We aim to deliver not just any product, but solid additions to your life. Whether it is the piece you, your family, and friends gather around or it's the piece you go to find your peace, we hope you find it with So.Crete. Again, we cannot thank you enough for trusting So.Crete with your home's furnishings. We look forward to building something extraordinary with you in the future.

“PERFECTION IS ACHIEVED, NOT WHEN THERE IS NOTHING MORE TO ADD, BUT WHEN THERE IS NOTHING LEFT TO TAKE AWAY.”

- Antoine De Saint-Exupéry

HANDCRAFTED INTEGRATIONS

So.Crete products are designed to integrate seamlessly with your vision. We will work with your team to create the perfect piece for your project. From integrating fixtures and adding design elements of your choice, we can bring your vision to life.

CUSTOM PRODUCTS

All So.Crete products are handmade to order. If you have something extra in mind and are seeking a one-of-a-kind custom piece, we are here to help! Whether you need to tweak a few things on one of our standard products, or need an entirely unique design to perfectly fit a particular space or aesthetic, we've got you covered. Just reach out, and we'll guide you through the steps of custom ordering: from initial measurements and design to estimates, mock-ups, and finally, that beautifully unique finished product. Whatever the room, whatever the project, our So.Crete artisans can turn your ideas into a reality.

VANITIES

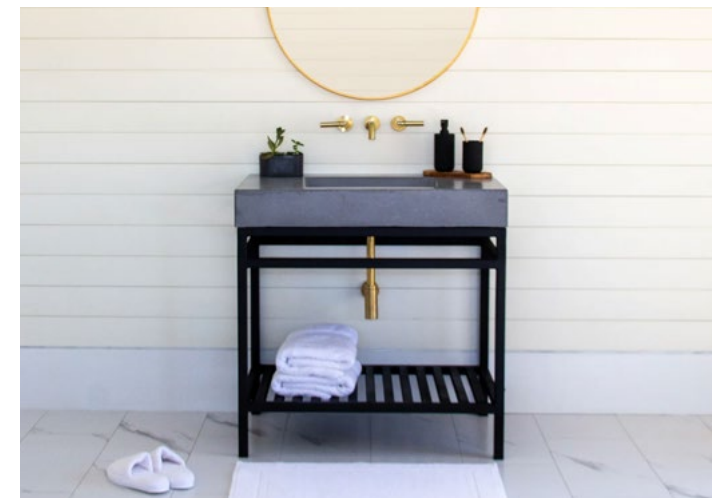

Transform your bathroom into a sanctuary of style with our exquisite single sink So.Crete bathroom vanities. Combining functionality with elegance, our vanities offer ample storage space and unparalleled beauty. Ideal for smaller bathrooms, our single sink vanities maximize space without compromising on style. Choose from a variety of designs and finishes to suit your taste.

SHOWER SYSTEMS

The possibilities with So.Crete shower systems are endless. So.Crete offers standard shower pans that fit most standard shower openings. We can also design and deliver a completely custom shower system consisting of basin, wall panels, shelves and bench for any bathroom shape. Coupled with the right fixtures and glass enclosures, the final look is stunning.

“DESIGN IS A PLAN FOR ARRANGING ELEMENTS IN SUCH A WAY AS BEST TO ACCOMPLISH A PARTICULAR PURPOSE.”

- Charles Eames

COLORS

Dive into a world of boundless creativity with our versatile color options, where you can choose from either our meticulously curated standard palette or delve into the realm of endless possibilities with our custom color service.

Elevate your projects to new heights with our bespoke custom color service. Perfect for those who crave uniqueness and precision, our custom colors allow you to craft hues that resonate with your vision and objectives. Collaborate with our expert color specialists to bring your ideas to life, whether you're seeking to match existing colors, create brand-specific shades, or explore entirely new color realms.

With our state-of-the-art technology and tailored approach, achieving the perfect hue has never been easier.

CUSTOM HANDCRAFTED FURNITURE

Do you have a design in mind? Our team can help bring your designs to life. If it is one piece or an entire line, contact us to get started. With our concrete, metal, and woodworking capabilities we can build custom products to your specifications. So.Crete combines your design with our manufacturing to deliver beautiful and high quality custom products.

“GOOD DESIGN ENCOURAGES A VIEWER TO WANT TO LEARN MORE.”

- Alexander Isley

F A Q

What are So.Crete products made of?

So.Crete uses high strength, light weight and durable glass fiber reinforced concrete, or GFRC.

What is GFRC and how is it different from regular concrete?

GFRC is a specialized type of concrete that incorporates glass fibers for added strength and flexibility. Unlike traditional concrete, GFRC is much lighter, making it easier to handle and transport.

Can So.Crete products be customized?

Absolutely! So.crete products can be customized in terms of size, shape, texture, and color to suit your specific design requirements. This flexibility makes So.Crete an excellent choice for a wide range of projects.

Are So.Crete products suitable for outdoor use?

Yes, our products are suitable for outdoor use. They are resistant to weathering, UV exposure, and freeze-thaw cycles, making them ideal for various outdoor applications such as firepits and outdoor furniture.

What maintenance is required for GFRC products?

GFRC products require minimal maintenance. Regular cleaning with mild soap and water is usually sufficient to keep them looking their best.

Can GFRC products be installed by homeowners or do they require professional installation?

While some GFRC products can be installed by homeowners with basic DIY skills, others may require professional installation, especially for larger or more complex projects. It's best to consult with us or a professional installer for guidance.

What is the lead time for production and delivery of GFRC products?

Lead times for So.Crete products can vary depending on factors such as customization requirements, order volume, our production schedule. Generally an order ships in 3 to 4 weeks.
