

Daily Heart & Circulation Support

Our proprietary, patented Neo40 formula out of the University of Texas Health Science Center's N-O Discovery Program, is a convenient daily supplement that helps to quickly increase your body's Nitric Oxide. In fact, our formula represents a breakthrough in N-O delivery compared to standard L-Arginine supplements or traditional diets aimed at supporting heart health.

Support healthy blood pressure levels already in the normal range

Support cardiovascular and heart health

Support healthy blood circulation

Promote artery vasodilation for healthy blood flow

Increase nitric oxide levels in the body

Provides antioxidant support with an excellent source of Vitamin C

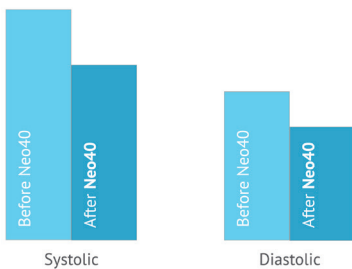

CLINICALLY RESEARCHED HEART HEALTH

World-renowned cardiologist Dr. Ernst Schwarz led a randomized, double-blinded, placebo-controlled research study to determine the effects of Neo40 on blood pressure.

After just 30 days, the blood pressures in the Neo40 group showed significant improvements.

The systolic numbers showed a 12-point drop, and the diastolic numbers showed a 6-point drop on average.

NEO40 CLINICAL TRIAL SHOWS PROMISING RESULTS AFTER JUST 30 DAYS

Why Thousands of People and Doctors Trust Neo40 for Daily Heart & Circulation Support

Nitric Oxide (N-O) has been dubbed “the miracle molecule” and the discovery of its effects on the cardiovascular system earned a Nobel Prize.

Our scientists have built on that discovery, developing Neo40, which may help to promote healthy circulation and support healthy blood pressure levels in the body through artery dilation and oxygenation of the blood.

Eating right and exercising regularly may not be enough to help maintain your Nitric Oxide at optimal levels. That's why Neo40 should be a part of your daily regimen and we've sold over 60 million Neo40 tablets.

Particularly if you're over the age of 40, it's important to help keep Nitric Oxide at optimum levels in the body. Neo40 was created to help combat this and support N-O levels.

Nitric Oxide is the foundation of our health, essential and tied to most of the body's major physiological systems. Without it, we can't live.

That's why we've spent years scientifically researching and studying N-O. And why we created Neo40, a concentrated, clinical grade, cardiovascular solution.

Proprietary, one-of-a-kind and patented, Neo40 is a daily supplement that helps to rapidly produce Nitric Oxide in your body, as well as supports the body's ability to produce its own Nitric Oxide over time.

In fact, it is the only technology in the world, out of the University of Texas Health Science Nitric Oxide Discovery Program, that generates authentic Nitric Oxide gas and supports the enzyme that makes Nitric Oxide in the body.

420mg Proprietary Nitric Oxide Blend

What makes Neo40 different than other products on the market, including L-Arginine supplements, is that our patented formula represents a breakthrough in N-O delivery. In fact, studies suggest that if you're over 40 or have compromised endothelial function, L-Arginine is unlikely to work for you.

Neo40 is formulated to boost the efficiency of the body's nitrate pathway so that more Nitric Oxide is available when and where it's needed.

It's a 100% drug-free product that contains a blend of these powerful nitric oxide boosting ingredients: Beet Root Powder and Hawthorn Berry Extract, L-Citrulline, Sodium Nitrite, plus Vitamin C and Vitamin B12.

Supplement Facts

Serving Size: 1 Tablet		Servings Per Container: 30	
Amount Per Serving		% Daily Value	
Vitamin C	100 mg	167%	
<small>(as magnesium ascorbate and ascorbic acid)</small>			
Vitamin B12	50 mcg	833%	
<small>(as methylcobalamin)</small>			
Proprietary Nitric Oxide Blend	420 mg	*	
<small>Beet Root Powder (root), Hawthorn Berry Extract (berry), L-citrulline, Sodium Nitrite</small>			
*Daily Value not established.
