

Hybrid Braai

- FREE STANDING BRAAI -

A first of its kind in South Africa, the Chad-O-Chef Hybrid Braai offers a 4-in-1 cooking experience, combining state of the art Gas burner design with a revolutionary Ember Drawer system.

The Hybrid Braai's Ember drawer allows one the option of wood, charcoal, gas or smoker chips to add that one of a kind bushveld flavour to any braai experience.

Once fired up, the Gas burners ignite wood and charcoal with-in minutes, meaning you don't have to wait as long before you can dig into that juicy steak.

- Available in 3 & 4 Burner Sizes
- LP Gas / Natural Gas Options
- Inland grade / Coastal Grade Stainless Steel
- Various Accessories available

INSTALLATION INSTRUCTIONS

The Hybrid Braai is a free standing unit, designed to be built into a cabinet. The cabinet housing the Hybrid Braai should still be lined with a fire retardant material before installation.

Take care to ensure your permanent Gas Installation is fitted with Copper Piping for a minimum of 1 meter leading to the inlet of the Hybrid Braai to ensure compliance with South African law.

*Please ensure you use a certified Gas Installer.
