

# Cabo

Offering superior eating quality and excellent adaptability, Cabo is a large augmented supersweet variety that combines consistent 8-in ears with great tip fill. With plentiful dark green flags, Cabo's appealing package will attract first-time customers, and the sweet, tender flavor will bring them back for repeat sales.

## FEATURES

- Attractive, strong husk cover
- Excellent kernel color
- Desirable flavor profile with outstanding eating quality and tenderness
- Sturdy plant with strong tip fill
- Widely adapted and performs well in most corn growing regions when managed properly

## BENEFITS

- Extra tender and juicy kernels that consumers desire
- Reliable uniformity of ear size and rowing delivers a consistent product from one harvest to the next throughout the season.
- Consistent high yield and performance that growers demand
- Excellent visual customer appeal
