

# Pink-a-licious

Pink-a-licious is a determinate beefsteak variety that produces high yields of large to extra large fruit with a distinct pink skin color typically only found in home garden varieties. This variety offers strong plant vigor and good fruit coverage in staked tomato production.

## FEATURES

- Distinct pink skin color
- Delicious, acidic flavor
- Excellent fruit firmness and internal quality
- Strong plant vigor and good fruit coverage
- High yields of large to extra large fruit

## TECHNICAL DATA

Approx days to maturity	Early
Culture	Staked or ground
Fruit shape	Slightly flattened globe
Fruit type	Beefsteak
Approximate size	Large to extra large
Fruit characteristics	Very firm fruit, deep pink color

## BENEFITS

- Amazing flavor drives customer demand
- Firm fruits limit post-harvest losses; a great feature for vine-ripe tomatoes
- Versatile variety for staked and vine-ripe production
- Consistent yields and desirable fruit size provide high value product
