

SL3213

SL3123 is an ideal choice for sugar snap pea commercial growers. Its pods are straight, smooth, tender and stringless for strong consumer appeal, and it performs well in a variety of cultures, including beds, bare ground and trellises at most elevations. SL3123 is widely adapted and has proven its performance in tough growing conditions in the main commercial sugar snap growing areas.

FEATURES

- Standard leaf type suitable for trellis or ground culture
- Stress-tolerant and widely adapted
- Stringless, sweet-tasting pods
- Good post-harvest quality and shelf life

BENEFITS

- Widely adapted to most snap pea growing conditions
- Exceptional emergence and early vigor
- Excellent field performance, consistency and profitability potential for growers
- Very strong consumer appeal
- Supports strong retail sales
