# FIT

Raffia is strips of palm and is a natural fiber that forms to your foot, but it is not stretchy and it's not soft. Raffia shoes are a work of art, each handwoven over 1-2 days. After the upper is woven, the raffia upper part of the shoe is placed on a hard flat wooden sole with an upcycled leather insole.

The shoes are originally sized in European sizing. Please refer to our size chart for shoe measurements from big toe to heel. We recommend sizing down if for half-sizes, and the shoe should fit well, particularly if it's a closed-back shoe.
