

# ***HAND RUB***

## **Foam Hand Sanitizer**

### **Product Description**

***HAND RUB*** is a no-rinse hand sanitizing foam based on a new formulation that is alcohol free yet kills viruses and bacteria, making it extremely safe and comfortable to use. ***HAND RUB*** contains pH modifiers that neutralize the ionic bonds which hold the protein envelope enclosing hard-to-kill viruses, and plant oil extracts' molecules which then penetrate to destroy the nucleic acid and dissolve the virus in *seconds*. This breakthrough technology is the result of years of research funded by the British Government.

### **Areas of Use**

***HAND RUB*** is highly recommended for use in banks, food outlets, restaurants, hospitals, schools, even homes and wherever good personal hygiene is critical. It is also an ideal sanitizer when soap and running water is not available. 50ml handy pack is great for people on-the-go.

### **Special Features**

- Neutral pH and non-toxic
- Alcohol-free; does not sting grazed skin & leaves no “sticky feel” after use
- Foam discharge provides good surface coverage and greater economy
- Pleasant fragrance leaves lingering scent after use.
- **Kill List**

#### *Viruses*

HIV, Caliciviruses (for Norovirus, Norwalk virus), Hepatitis B virus, Adenovirus, Herpes virus Type 1 & 2, Influenza virus Type A, Vaccinia virus, Feline Leukaemia viruses, Respiratory Syncytial virus, Rubella virus and **coronaviruses such as Infectious Bronchitis virus**

#### *Bacteria (as tested under EN1276)*

Staphylococcus Aureus, E. Coli, Pseudomonas Aeruginosa, Enterococcus, Enterobacter Aerogenes & Cloacae, Salmonella Typhimurium, Proteus Mirabilis & Vulgaris, Chlamydia Psittaci.

#### *Yeast and Fungi*

Canadida Albicans, Aspergillus Niger

### **Directions of Use**

Apply and spread thoroughly over hands. Rub until dry, no rinsing necessary.

### **Precautions**

For external use only. Non-corrosive & non-toxic, in unlikely event of discomfort due to inhalation, ingestion or contact with eyes, seek medical advice.

# SAFETY DATA SHEET

## SECTION 1 - IDENTIFICATION

<b>Product Identifier:</b> HAND RUB	<b>Supplier:</b> <b>Address:</b> <b>Department:</b> Chemical <b>Person in Charge:</b> Chemist
<b>Other means of identification:</b> Foam Hand Sanitizer	<b>Phone:</b> (65) <b>Fax:</b> <b>Email:</b>
<b>Date of SDS:</b> 1 January 2020	
<b>Recommended use and restriction on use:</b> HAND RUB is highly recommended for use in banks, food outlets, restaurants, hospitals, schools, even homes and wherever good personal hygiene is critical. It is also an ideal sanitizer when soap and running water is not available. 50ml handy pack is great for people on-the-go.	

## SECTION 2 - HAZARDS IDENTIFICATION

<b>GHS classification:</b> Acute toxicity: Category 4; Eye irritation: Category 2	
<b>GHS label elements:</b> Pictogram:  Signal Words: Warning	
<b>Hazard statements:</b> H320: Causes eye irritation	
<b>Precaution statements:</b> P233: Keep container tightly closed.	

## SECTION 3 - COMPOSITION/ INFORMATION ON INGREDIENTS

Chemical Identification	Component & Composition	Chemical Formula	CAS NO.	EC NO.
Water	> 90.0 %	H2O	7732-18-5	231-791-2
Nonyl phenol ethoxylates	< 4.0 %	C <sub>33</sub> H <sub>60</sub> O <sub>10</sub>	26571-11-9	247-816-5
Alkylbenzyltrimethylammonium chloride	< 3.0 %	C <sub>21</sub> H <sub>38</sub> NCl	68424-85-1	270-325-2
Perfume	< 3.0 %	Mixture	NA	NA

## SECTION 4 – FIRST AID MEASURES

<b>Inhalation:</b>	Move to area of fresh air. If breathing has stopped, artificial respiration should be started. Oxygen may be administered if available. Call a physician. Never give anything by mouth to an unconscious person.
<b>Skin contact:</b>	Wash with large amounts of soap and water. If irritation persists, consult a physician.
<b>Eye contact:</b>	Flush with cool water for at least 15 minutes. Then consult a physician immediately.
<b>Ingestion:</b>	Do not induce vomiting. Dilute by drinking water. Call a physician immediately.
<b>Notes to Physicians:</b>	Treatment should be directed at preventing absorption, administering to symptoms (if they occur), and providing supportive therapy.

## SECTION 5 – FIRE-FIGHTING MEASURES

<b>Suitable fire-extinguishing media:</b>	Water, dry chemical, carbon dioxide and foam.
<b>Specific hazards arising from the chemical:</b>	Burning can produce carbon dioxide and/or carbon monoxide.
<b>Special protective actions for fire fighters:</b>	Fire fighters may be exposed to the products of combustion should wear a self-contained breathing apparatus with full protective equipment.

## SECTION 6 - ACCIDENTAL RELEASE MEASURE

<b>Personal precautions, protective equipment, and emergency measure:</b>	Use proper protective equipment (chemical protection suit, gloves, goggles, mask, etc).
<b>Environmental precautions:</b>	Chemical substance should not be released into the environment (water, soil).
<b>Methods and materials for containment and cleaning up:</b>	Stop spill at source. Contain material, as necessary, with dike or barrier. Mop, shovel or absorb with inert material and place in sound containers. Rinse remaining residue with excess water. Cover spills with absorbent clay, sawdust or inert material and place in closed chemical waste containers. Dispose of according to applicable local, state and federal regulations.

## SECTION 7 - HANDLING AND STORAGE

<b>Precaution for safe handling:</b>	Wash thoroughly after handling, especially before eating and drinking. Wash contaminated goggles, face-shield, and gloves. Launder contaminated clothing before re-use.
<b>Conditions for safe storage, including any incompatibilities:</b>	Store in cool, dry, well-ventilated area at room temperature. Do not re-use empty container for food, clothing or products for human or animal consumption or where skin contact can occur.

## SECTION 8 - EXPOSURE CONTROLS/ PERSONAL PROTECTION

<b>Control parameters/ Occupational exposure limits:</b>	ACGIH - TLV: No hazardous ingredients
<b>Appropriate engineering control measures:</b>	Normally ventilation is not required
<b>Personal Protection:</b>	Normally not required. Safety glasses / goggles can be worn if splashing is anticipated.
