SHIMMER ROUND BAR CABINET

Bar & Drinks Cabinets

Cocktail hour becomes golden hour with the beautiful Shimmer bar cabinet and its mellow golden glow. Exuding flair and finesse, Shimmer is crafted by hand from a series of overlapping glass panels that wrap all the way around, each one edged entirely in brushed brass. The glass is subtly faceted, refracting the light inside the cabinet to cast a spectacle of shapes that magically trick the eye. A butterfly-style door opens fully to allow easy access to your stock of drinks and glasses inside, with the three round lit glass shelves inside, included a hanging glass rack on the top shelf, housing everything you need for a great night in.
