UMBRELLA COLLECTION

Jardinico offers parasols with an aesthetic added value. Each model surprises with its sturdiness, thanks to the unique, sleek and elegant design. Tilt the umbrella in height with a self locking tooth belt system at the back of its pole or tilt left and right by means of the lever. The pedal at the bottom of the pole allows you to rotate the umbrella 360° around its axis. Choose a colour combination to your preference and enjoy sufficient shade on all sunny days, wherever you want on your terrace.
