

CONTOUR ARMCHAIR

Italian designer Piergiorgio Cazzaniga does with the CTR collection what he is good at: making complex designs appear effortless. The collection is characterised by a tube in powdercoated stainless steel that follows the outline of the chair in one continuous line. The curves of the tube are bent in 90i and keep a round form, which requires great mastery. With a lightness of touch the open weave of the backrest appears to float unsuspected around the seat. The weave is made of weather-resistant Tricord and gives extra support to the back. The seat is upholstered with a water-repellent cushion which can be easily removed.

DIMENSIONS (cm's)

55 W x 55 D x 77 H

AVAILABLE FINISHES

Available in a variety of finishes

PICTURED IN - Wenge
