

Designer Rui Alves intended the Copal family to be generous and inviting, like a good host. The sofa indeed offers a warm embrace, with a back that curves gently into the arms. The rounded oak legs create a play of angles at the base, and are characterised by a “through wedged tenon” joint, revealing expert craftsmanship. This sofa comes in a two or three-seater version and its compact dimensions make it ideal for urban living as well as hospitality use.

Design
Rui Alves, 2018
