

ELLIOT

COLLECTION

It's linear shape formed by outdoor rope woven around a softly curved frame harks back to the repetition of rope found on sailboats. New Zealand has a fine heritage in yacht racing, most recognised as the second country to take the America's Cup off the USA and the first foreign country to hold onto the cup in successive tournaments.

DESCRIPTION

Elliot features CKD-MemoryRope® made from polyolefin threads woven to look like a rope, this is one of the latest trends in outdoor furniture materials. Highly fade, rot and UV resistant, MemoryRope® has a soft elastic feel to maximise comfort whilst retaining its original form. Elliot uses a powder coated aluminium frame - arguably the easiest care material available for outdoor furniture. Cove Outdoor use only extruded and clean dipped rust-free aluminium, powder coated and baked to create highly durable paint finish.

MATERIALS

Frame : Cove aluminium is cleaned and pre-dipped prior to a powder coating being applied electrostatically.

Upholstery : Sunbrella® 100% acrylic fabric specifically developed for outdoor use.

Seat : Batyline® - a textile weave consisting of polyester coated with solution dyed PVC.

Cushions : Cove Outdoor uses exclusively QuickDry Foam® by Urecel.

Table top : Sustainably sourced plantation teak from Java or cleaned, pre-dipped, electrostatically powder coated aluminium.
