

## HAMILTON

HAMILTON exclusively uses plantation teak wood - widely regarded as the best timber for outdoor use due to its longevity as seen in the boat building industry. Not all teak is created evenly, we hand select every panel of the finest grade teak only taking the most durable and clean panels. It is kiln dried to maximise moisture reduction and minimise movement in the timber. HAMILTON is available in a traditional Natural finish or COVE OUTDOOR's proprietary finish Driftwood, designed to give you a consistent finish for the lifetime of the product.

## DIMENSIONS (cm's)

- 1 Seater - 95 W x 85 D x 65 H
- 2.5 Seater - 158 W x 85 D x 65 H

## AVAILABLE FINISHES

Available in a variety of finishes
