

## ILLUM CHAIR

The ILLUM armchair refers to the classical Scandinavian furniture archetypes, translated with updated materials for outdoors. Aluminium is used like sculpted wood throughout the collection, with smooth transitions from crisp to soft lines. Functionality is paramount for ILLUM, without compromising on comfort and class however. The soft-curving back support provides an inviting view and seating comfort. The seat is made from Batyline with a very subtle weave pattern. A choice that is beneficial to the looks as well as to the durability, because Batyline is very strong, UV resistant, fast drying, and dirt and moisture-repellent.
