

## MOOD SOFA

The airy design of the Mood outdoor sofa and its warm combination of teak and handwoven, earthbrown Tricord yarn, will immediately create an intimate and natural atmosphere on your patio. The Tricord yarn consists of polyolefin and is weather-resistant, but has nevertheless a very soft look and feel. The seating comfort is especially pleasant thanks to the comfortable outdoor cushions which can be left outside, even when it's raining, thanks to the ventilating stuffing in a waterproof cover.
