

ORBITAL

Orbital extending table combines cutting-edge design and technology: designed by Pininfarina in collaboration with the Calligaris technical team who invented the ingenious opening mechanism. The coated rigid polyurethane column provides high stability while the dramatic aperture in the middle gives this table a streamlined look. When extended it can seat up to ten. Eye-catching Orbital will take centre stage in the dining area.

Automatic and simultaneous extending mechanism, fitted with a locking device - to prevent the leaves from closing accidentally - and a fold-away release lever.

DIMENSIONS (cm's)

165 - 225 L x 105 W x 75

AVAILABLE FINISHES

Available in a variety of finishes.
